SUMMARY

Front-End Developer with a strong foundation in JavaScript and Python, transitioning from a successful career in the addiction rehabilitation industry. With 2 years of experience in building responsive web applications using HTML, CSS, and React, with multiple certifications in software development. Eager to leverage technical skills and continuous learning mindset to contribute to innovative front-end projects.

SKILLS

- **Front-End:** HTML, CSS, JavaScript, React, TypeScript, TailWind
- **Back-End:** Node JS, Python, SQL(MySQL, PostgreSQL), RestAPIs
- **Tools & DevOps:** Git, GitHub, VS Code, Vite, Netlify, Figma

EXPERIENCE

OCTLC inc - Sustain Recovery

Nov 2017 - Mar 2024

Lead Recovery Coach

Anaheim Hills

- Led a team in an inpatient youth recovery home, guided staff, and supported youth with addiction and mental health challenges by developing structure and healthy habits through constant communication and observation. Supervised clients and staff to ensure adherence to schedules and promote positive behaviors. Reported on client progress and interventions, facilitated 12-step program meetings and crisis interventions, and received positive feedback from clients, acknowledging the impact on their recovery and personal growth

Vemma

Jan 2012 - Sep 2022

Independent Distributor

Scottsdale REMOTE

- Demonstrated effective verbal and written communication skills by preparing and delivering presentations to potential clients, resulting in increased engagement and sales
- Reached the rank of Gold by building a team of approximately 40 active independent distributors across the country, utilizing leadership and team-building skills
